

Earn a 0.25% APY Rate Boost with a new Bask® Interest Savings Account.

Bask Bank®

Bask® Interest Savings 0.25% APY Rate Boost Offer Terms

Earn a 0.25% Annual Percentage Yield (APY) Rate Boost on a new Bask Interest Savings Account during the Reward Period when qualifying requirements are met.

Account Opening Period: February 1, 2026, through March 31, 2026. Subject to approval.

Reward Period: February 1, 2026, through May 30, 2026.

Eligibility

This offer is available to new Bask Bank Interest Savings Account customers in good standing throughout the Reward Period. New account applications are subject to approval. See our [FAQs](#) for details.

To Qualify

To earn the 0.25% APY Rate Boost during the Reward Period, you must complete the following qualifying requirements:

1. Open a new Bask Interest Savings Account between February 1 and March 31, 2026.
2. Maintain an average monthly balance of at least \$25,000 in your Bask Interest Savings Account.

Eligible participants will earn a 0.25% APY Boost on their Bask Interest Savings Account during the Reward Period when qualifying requirements are met. The APY Boost will be paid in addition to the disclosed Interest Savings base rate on the average monthly deposit balances in your Bask Interest Savings Account at the close of each statement period when qualifying requirements are met.

If qualifying requirements are not met during a statement period, the APY Boost will not be applied to your account for that period. However, you will remain eligible for the remainder of the Reward Period when qualifying requirements are met.

Bask Bank®

Full Offer Terms

Eligibility

Offer is only available to new Bask Interest Savings customers who do not have an existing Interest Savings Account as of January 31, 2026. Customers who close an Interest Savings Account at any time during the Account Opening Period (February 1, 2026, through March 31, 2026) are not eligible to reopen an account to qualify for this offer. If an Interest Savings Account is closed during the Reward Period for any reason, it will not earn the APY Boost for that statement period and customers may not requalify by opening a new account. If an account remains unfunded for 15 business days, we reserve the right to close that account.

APY Rate Boost “APY Boost” Details

The 0.25% Annual Percentage Yield (APY) Rate Boost “APY Boost” applies only during the disclosed Reward Period when qualifying requirements are met. When the Reward Period ends or if the qualifying requirements are not met for a statement period, the APY Boost will end, and the account will receive the disclosed Interest Savings base APY. APY is variable and subject to change at any time without notice. For complete details on how interest is calculated, please refer to the Bask Interest Savings Account [Truth in Savings Disclosures](#). For details on applicable fees and our current base rates, consult our [Rates & Fees](#).

Monthly Average Balance Calculation

The Monthly Average Balance is calculated by adding your Available Balance (less holds) at the end of each calendar day in the statement period and dividing that sum by the total number of calendar days within the statement period.

For example, if your statement period is 30 days and your end-of-day balances are \$20,000 for the first 10 days, \$25,000 for the next 10 days, and \$30,000 for the last 10 days, you would add all daily balances together and then divide by 30 the number of days in the statement period. In this example, your monthly average balance would be \$25,000.

Funds subject to holds (e.g., funds availability holds or delays or transaction authorization holds) are not calculated in the end-of-day balance. To learn more, refer to our Funds Availability Policy in our [Account Agreement, Terms and Disclosures](#).

Other Offer Terms

The value of this offer will be reported to the IRS and the recipient is responsible for any federal, state or local taxes.
