

Earn up to
4.10% APY
with Bask[®] Interest Savings
when you complete qualifying activities.
Eligibility and terms apply.

Bask Bank[®]

Earn up to 4.10% Annual Percentage Yield (APY) with Bask Interest Savings when you complete qualifying activities. For a limited time, new customers can earn a 0.10% APY Rate Boost when you open and fund a Bask Interest Savings Account. Both new and existing customers can unlock an additional 0.25% APY Rate Boost when you complete qualifying activities.

How to Qualify

0.10% APY Rate Boost Offer

New customers earn a 0.10% APY Rate Boost on balances up to \$250,000 during the Reward Period when the following qualifying activities are completed:

1. Open a new Bask Interest Savings Account between May 1, 2026, and July 31, 2026. New account applications are subject to approval.
2. Make a deposit of any amount to your new Bask Interest Savings Account within 15 business days of account opening.

0.25% APY Rate Boost Offer

New and existing customers earn a 0.25% APY Rate Boost on balances up to \$250,000 during the Reward Period when the following qualifying activities are completed:

1. Have a new or existing Bask Interest Savings Account by September 30, 2026.
2. Complete \$2,500 or more in qualifying automated deposits during each statement period throughout the Reward Period.

Full Offer Terms

0.10% APY RATE BOOST OFFER

Account Opening Period: May 1, 2026, through July 31, 2026

Reward Period: May 1, 2026, through October 31, 2026

Eligibility

This offer is available to new Bask Bank Interest Savings Account customers who do not have an existing Bask Interest Savings Account as of April 30, 2026. Customers who close an Interest Savings Account at any time

during the Account Opening Period (May 1, 2026, through July 31, 2026) are not eligible to reopen an account to qualify for this offer. If an Interest Savings Account is closed for any reason during the Reward Period, the account will not earn the APY Boost for that statement period and customers may not requalify by opening a new account. If an account remains unfunded for 15 business days, we reserve the right to close that account.

Funding Deposit

Once the funding deposit is posted, the account will begin earning the 0.10% APY Rate Boost for that statement period and will continue to earn the Rate Boost for each statement period during the Reward Period. There is no minimum account balance requirement to earn the 0.10% APY Rate Boost. When the Reward Period ends, the APY Boost will end and the account will receive the disclosed Interest Savings base APY. For information regarding the cut-off time for ACH deposits and wire transfer deposits, refer to the Funds Availability Policy in the [Account Agreement, Terms and Disclosures](#).

0.25% APY RATE BOOST OFFER

Account Opening Period: Have a new or existing Bask Interest Savings Account by September 30, 2026

Reward Period: May 1, 2026, through December 31, 2026

Eligibility

This offer is available for new and existing Bask Bank Interest Savings Account customers. Any customer with a Bask Interest Savings Account by September 30, 2026, may participate. The Bask Interest Savings Account must remain in an open and active status throughout the statement period. If an Interest Savings Account is closed during the Reward Period for any reason, it will no longer be eligible for the offer and customers may not requalify by opening a new account. If an account remains unfunded for 15 business days, we reserve the right to close that account.

Qualifying Automated Deposits

Qualifying automated deposits must total \$2,500 or more and post to the account by the close of the statement period to qualify. Qualifying automated deposits include electronic ACH deposits from the account owner's employer, payroll, benefits provider or government agency via direct deposit or recurring transfers from an external bank. Check deposits, wire transfers, internal transfers and peer-to-peer (P2P) payments (such as Zelle, Venmo, PayPal or other P2P platforms) do not qualify. Multiple qualifying automated deposits may be made during a statement period to meet the required amount. Once the required amount is met, the account will earn the 0.25% APY Rate Boost for that statement period. When the Reward Period ends, or if the qualifying requirements are not met for a statement period, the APY Boost will end, and the account will receive the disclosed Interest Savings base APY. If qualifying requirements are not met during a statement period, the APY Boost will not be applied to your account for that period; however, you will remain eligible for the remainder of the Reward Period when qualifying requirements are met.

Additional Offer Terms

APY Rate Boost Details

The APY Rate Boost(s) will be paid in addition to the disclosed Interest Savings base rate on the average monthly balance in your Bask Interest Savings Account at the close of each statement period when qualifying activities are complete. Failure to meet the requirements of one offer does not affect eligibility for the other offer provided its respective requirements are met.

The APY Rate Boost applies only to account balances up to \$250,000. Balances exceeding \$250,000 will earn the base APY rate without the boost. APY is variable and subject to change at any time without notice. For complete details on how interest is calculated, please refer to the Bask Interest Savings Account [Truth in Savings Disclosures](#). For details on applicable fees and our current base rates, consult our [Rates & Fees](#).

General Offer Terms

The value of these offers will be reported to the IRS, and the recipient is responsible for any federal, state or local taxes on these offers.

Bask Bank reserves the right to exclude or disqualify anyone from participating in the promotion for any reason, including suspected fraud or misuse or if suspicious activities are observed.
